CLASS DESCRIPTIONS:

Core And More: This advanced class focuses on strengthening your core and increasing flexibility. The Monday class will have an emphasis on lower body strength, while Wednesday will have an emphasis on upper body strength. Floor work is included (mats provided). Participants must be able to get up off the floor with no assistance.

Functional Strength: This class is designed to build a foundation of functional strength throughout the body. Using dumbbells and various body weight exercises, participants will perform strengthening movements that build key muscle groups that help us keep our balance and perform Activities of Daily Living with ease.

Chair Yoga: Yoga is an ancient practice combining movement with breath. The benefits are many including strength, flexibility, mental clarity and emotional calmness. Seated and standing poses will be offered.

MAT Yoga: This is an advanced Yoga practice offered strictly standing and on the mat. Participants will be required to be able to move up and down from the floor on their own. Benefits include increased strength, flexibility, mental clarity and emotional calmness.

Beautiful Bones: This seated class is specifically designed for participants to improve their strength and range of motion. The exercises are selected with osteoporosis in mind and target muscles in the hip, spine and lower body.

Aqua Circuit: This class will focus on three components of fitness: cardiovascular endurance, muscular conditioning and balance wrapped into a circuit style format.

Aqua Cardio & Stretch: This class will include a challenging cardiovascular segment that will get your heart pumping! We will finish with 10-15 minutes of stretching to help promote flexibility, range of motion and circulation.

Three Times The Fun: This class will incorporate strength & cardio (first 45 minutes) and we will finish up with relaxing chair yoga (15 minutes) which will include work on range of motion and stretching.

Strong, Steady & FLEXIBLE: A balance challenge class utilizing a variety of equipment and body weight exercises to improve stability, strength and flexibility.

Tai Chi for Arthritis: Originating in ancient China, Tai Chi is one of the most effective exercises for health of mind and body. We will work on mindfulness, balance and strength through the forms that we incorporate into our practice.

Pure Strength: This class focuses on building overall body strength with various strength training exercises and equipment. Participants must be able to get up and down from the floor.

Simple STEP: Learn basic STEP patterns on the floor and on the STEP. This class is designed for those who are new to STEP Aerobics.

STEP it up!: For experienced steppers this class will offer more challenging STEP Aerobics patterns to music.

Gentle Joints: A warm water class for people who want a gentler approach to exercise. Flexibility through YOGA poses, muscle and cardio endurance and balance will be key components of this class.
