SAH MEMBER SURVEY A SUCCESS!

The SAH Executive Committee would like to thank the 82 SAH Members who took the time to complete their Needs Assessment Survey last month. While a large portion of the Membership did not participate, 34% of the Membership did which will help the Committee roll up their sleeves and get to work! Remember, as of May 26, there are 240 active Members in the program; a sizeable group no less, and we couldn’t be more appreciative of the response rate, so thank you to all of you, again!

Some of the more notable, quantitative results that came in were the from the following, especially from the first question, which was: “What aspects of SAH Membership are important to you?”

- 96% replied on Care & Support to age in place at home.
- 72% replied on financial stability with future long term care coverage.
- 58% replied using SAH as a steppingstone to move to Seabury.
- 50% replied on the value of personal health coordination.

Another question covered the activities on campus BEFORE the pandemic, and what you would be interested in again at Seabury, as conditions continue to improve POST-PANDEMIC:

- 65% replied on attending a speaker event/lecture.
- 62% replied on the Adult Learning Program (ALP). *SEE BACK PAGE.
- 61% replied on attending a future concert at Seabury.
- 57% replied on the value of coming for fitness & wellness.

While all the results were sent to you in an earlier email, these were some key take backs. The Annual Meeting will be next, so stay tuned!
ADULT LEARNING PROGRAM ANNUAL MEETING

Walter Woodward is Connecticut’s current State Historian, an Associate Professor of History at UConn, narrator/producer of “Today in Connecticut History” and author of the “From the State Historian” column in Connecticut Explored. Professor Woodward is a scholar of Early American and Atlantic World history, with an emphasis on Connecticut and New England. His research interests cover a variety of subjects, including witchcraft, alchemy and the history of science, the use of music in early America, and environmental history. In his new book, “Creating Connecticut” and in his lectures, Prof. Woodward helps us understand how people and events in Connecticut’s past played crucial roles in forming the culture and character of Connecticut today. A gifted storyteller, he brings to life in new ways the history we thought we knew from the nearly forgotten early presence of the Dutch, to the time when Connecticut was New England’s fiercest prosecutor of witches, the decades when Nutmeggers were rapidly leaving the state, and the years when Irish immigrants were hurrying into it. Whether it’s his investigation into the unusually rough justice meted out to Revolutionary War hero Nathan Hale, or a peek into Mark Twain’s smoking habits, Prof. Woodward will leave you thinking about our state’s past -- and its future -- in a whole new way.
